Derwent Biotechnology Abstracts

- Baza omawia wszystkie aspekty biotechnologii, w tym inżynierię genetyczną i biochemiczną, fermentacje i kulturę komórki, utylizację odpadów przemysłowych.
- Każdy z 274,000+ wpisów zawiera podstawowy tytuł artykułu oraz tytuł rozszerzony o informacje uzupełniające, dane o uzyskanych patentach, pełne informacje bibliograficzne oraz zwięzłe streszczenie wskazujące metodę badań oraz ich wyniki i wnioski. Również dostępne są wzory i formuły, wykresy i diagramy.
- Odpowiednik w wersji drukowanej: Derwent Biotechnology Abstracts Journal

Derwent Biotechnology Abstracts

- Abstrakty z ponad 1,200 najważniejszych naukowo-technicznych czasopism na świecie
- Patenty z 40 organizacji rejestrujących odkrycia naukowe oraz referaty konferencji międzynarodowych.

Pełna lista indeksowanych czasopism:

http://www.thomsonscientific.com/media/scpdf/journal_list.pdf

Petroleum Abstracts

- Tworzona przez „University of Tulsa, Oklahoma”
- Pierwszy „PA Bulletin” wydany w styczniu 1961
- „Online TULSA Database” już od 1975
- „TULSA” zawiera ponad 800,000 rekordów
- Naukowa i techniczna analiza
- Grupa specjalistów przygotowuje cytowania i abstrakty
- Indeksowanie, z wykorzystaniem tezauryusa

Petroleum Abstracts

- Ponad 300 branżowych tytułów oraz streszczenia z innych źródeł powiązanych tematycznie
- Materiały z ok. 250 spotkań tematycznych z całego świata
- Patenty oraz gazety patentowe
- Raporty rządowe, naukowe tezy, książki, mapy itp.
- Ponad 25,000 rekordów dodawanych rocznie

Petroleum Abstracts - Tematyka

- Geologia
- Geochemia
- Geofizyka
- Odwierty
- Przetwarzanie
- Serwisowanie narzędzi odwiertniczych
- Produkcja Gazów i Oleju
- Metody odkrywania złóż
- Przechowywanie i transport
- Ekologia i zanieczyszczenia
- Technologie uzupełniające

Pełna lista indeksowanych tematów:

The Ovid Experience

Professionals, researchers, students, and information managers in the scientific and healthcare communities rely on Ovid for the information they need to explore a new theory, fuel a new discovery, inform ongoing research, and improve patient care. We provide customized clinical, research, and educational solutions that help each individual and each organization transform information into knowledge.

- Products and Services:** Browse our catalog of world-class book, journal, and database resources, innovative information search and discovery tools, and customized services.
- Events:** Find out where and when Ovid is presenting, sponsoring, and hosting events that might interest you.

Abstract

Unexplained pain after hip arthroplasty is frustrating. To better understand the use of hip arthroscopy in management of the painful hip arthroplasty, critically evaluate the outcomes of these patients, and refine indications for hip arthroscopy in this setting. We retrospectively reviewed 14 patients (16 hips) who underwent hip arthroscopy after joint replacement. One patient had suspected septic arthritis despite negative aspiration and one had known septic arthritis but was not a candidate for open arthrotomy; two had intraarticular
