Introduction to Mendeley

We love hearing from our users!

I can summarize using Mendeley in three words: organization, standardization and speed.

— Ibere Machado, ICMBio, Goiania, Brazil, Consultor

I believe Mendeley really can make a difference, really can change the way we do research. It makes our lives easier

— Thiago Camata, Doctoral Student in Physical Education, UEL - Universidade Estadual de Londrina

It has simply blown the minds of many who I have taught about Mendeley. The ease and simplicity of it is simply amazing. It is great to be able to have all the citations AND pdfs organized. Ability to work in groups has made being a part of research teams even easier.

— Amanda Horsman. Librarian, Bibliothécaire de référence du Centre de formation médicale du Nouveau-Brunswick, Université de Moncton, Moncton, Canada

EVERYTHING HAS CHANGED!!!! Now I can have all my readings organized with tags and subfolders while keeping only one copy of each article. Quick finding the ideas and concepts I have selected from each reading. Great WORD extension to add citations and reference list. It is indeed an amazing tool for research.

— Teresa Hernandez Gonzalez Assistant Professor Linguistics, Concordia University, Montreal, Canada

Mendeley has literally saved my life! I was losing my mind over my masters degree studying as a foreign student in Belgrade, Serbia. All the odds were against me... Then I had an online workshop with Dr. Nellie Deutsche via WizIQ. And my life has never been the same since...

— Raymond Henderson, master's Student, ministry of Education, Commonwealth of Dominica, Dominica

A global network with > 4 million users from the largest research institutions

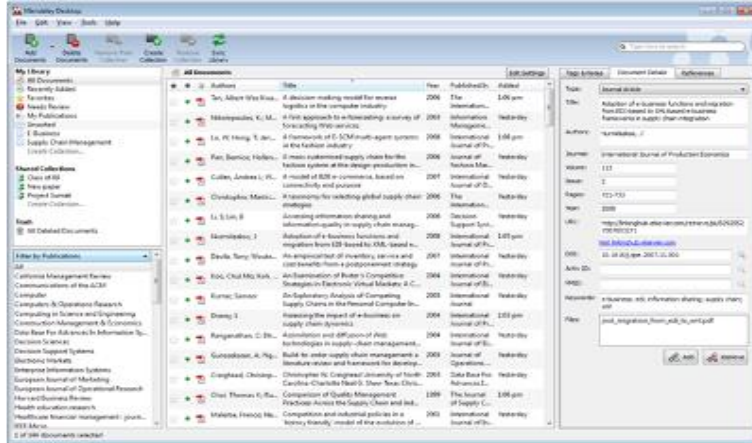

- Technical University of Denmark
- University of Manchester
- Oxford University
- Imperial College London
- ETH Zurich

What is Mendeley?

Mendeley is a **reference manager** allowing you to manage, read, share, annotate and cite your research papers...

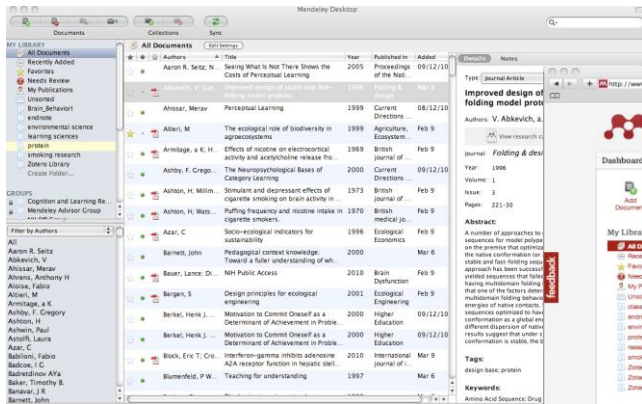

...and an **academic collaboration network** with 4 million users to connect like-minded researchers & discover research trends and statistics.

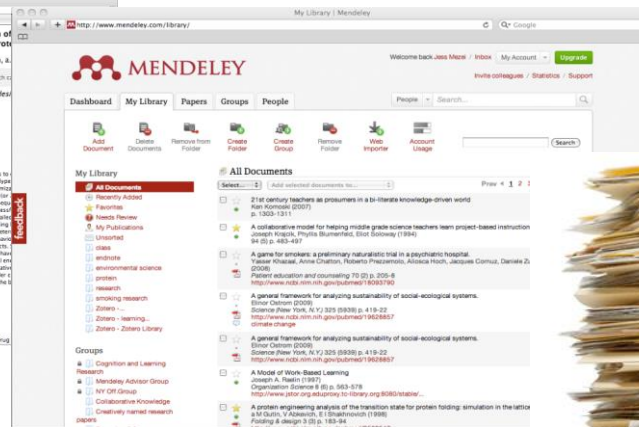

... forming a **crowdsourced database** with a unique layer of **social research information** and an **Open API**

What is Mendeley?

- Free Academic Software
- Cross-Platform (Win/Mac/Linux)
- All Major Browsers

Mendeley's Three Key Values

Who benefits from these key values? MENDELEY

Students, Early Career Researchers

Professors, High impact authors

Librarians

How Mendeley drives researcher productivity

Content-based recommendations: The us recommended items similar to the on preferred in the past;

Collaborative recommendations: The us recommended items that people with si and preferences liked in the past;

and preferences liked in the past;

Add and organize PDFs

Import and organize PDFs from your computer, EndNote™, RefWorks, Papers, Zotero, Mendeley importer, ScienceDirect, and Scopus

Read and annotate

Open PDFs and capture your thoughts through sticky notes and highlights.

Reference Manager

Generate citations and bibliographies in Microsoft Word, OpenOffice, and LaTeX. 7500 citation styles!

How Mendeley enables collaboration

Collaborate and interact

Find and connect with colleagues and securely share your papers, notes and annotations.

Backup and sync

Access your papers on the desktop, web, iOS, and soon Android

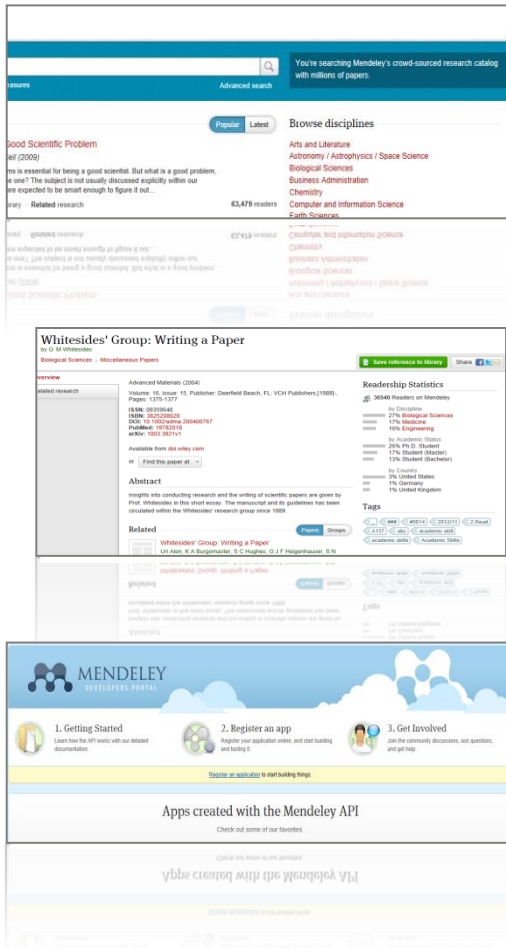

Network and discover

Discover papers, people and public groups.

How Mendeley provides valuable researcher insights

Crowd-sourced knowledge with stats
 Crowd uploaded research catalogue with more than 400M documents

Detailed readership stats
 See readership impact by discipline, academic profile, and geographic location of each paper

Developer's portal and APIs

Developers and researchers have created hundreds of applications based on Mendeley API and research recommendation dataset.

Direct integration with Elsevier products

The image shows a screenshot of the ScienceDirect website search results for the keyword "heart". The search results page displays 1,281,165 articles found. A Mendeley overlay window is positioned over the search results, showing a list of 20 articles found. The overlay window is titled "Mendeley readership statistics" and provides the following information:

- 17199** people have saved this article to Mendeley
- Top disciplines**
 - Biological Sciences **86%**
 - Medicine **4%**
 - Computer and Information Science **2%**
- Top demographics**
 - Ph.D. Student **24%**
 - Student (Bachelor) **17%**
 - Student (Master) **17%**
- Top countries**
 - United States **2%**
 - United Kingdom **1%**
 - Brazil **1%**

At the bottom of the overlay window, there are two buttons: "View article in Mendeley" and "More about Mendeley".

19 December 2013 by Joao Bernardino

• **Mendeley Year in Review 2013**

This was a year of great change at Mendeley, with lots of news, exciting developments and, of course, tons of fun at Mendeley HQ. Here are a few of the many highlights:

In January, the Mendeley founders Jan, Paul, and Victor were voted "Best Startup Founders" at the Europas, considered the Oscars of the European Tech scene. This was the second win for Mendeley, which scooped up the prize for "Best Social Innovation Which Benefits Society" in 2009.

In February, we listened to your comments and released Mendeley Desktop v1.8, with expanded offerings and bug fixes.

April brought a lot of attention as Mendeley joined Elsevier. We're proud to have honoured our promise that the merger would mean very little change for our users, beyond some positive resources...like the doubling of storage space that immediately followed the announcement.
